MESSAGE FROM THE OPERATIONS DIRECTOR

This year has been one of steady progress and renewed commitment to expanding the distribution of Śrīla Prabhupāda's books across Africa. While the heart of our service remains unchanged, our focus has increasingly been on strengthening systems, supporting local initiatives, and ensuring that our campaigns are both impactful and sustainable. Our annual campaigns reflected both dedication and collective effort.

- The total distribution for the reporting year stands at 143 486 books and magazines.
- During the Live to Give campaign, 15,189 *Bhagavad-gītās* were distributed, placing foundational spiritual knowledge into thousands of hands.
- The Bhadra Campaign saw the distribution of 302 *Śrīmad-Bhāgavatam* sets, bringing this essential work into homes, temples, and institutions committed to deeper study.
- Through the Be a Gardener initiative, 47 *Caitanya-caritāmṛta* sets were distributed, strengthening the devotional and philosophical foundation of our communities.
- We received 582 offerings from 13 countries across Africa for Śrīla Prabhupāda's Pan-African Vyāsa-pūjā book. We hope participation will continue to grow as awareness of the Vyāsa-pūjā book expands.

Beyond the campaigns, this year required operational alignment, coordination across regions, and continued engagement with devotees, sponsors, and partners. Each book distributed represents the combined effort of many individuals serving with sincerity and conviction.

Śrīla Prabhupāda repeatedly emphasized that his books would be the basis of the movement's strength and longevity. His instruction to go on increasing literature and distribution unlimitedly remains both our inspiration and our responsibility. As custodians of this service in Africa, we recognize that growth must be intentional, well supported, and strategically guided.

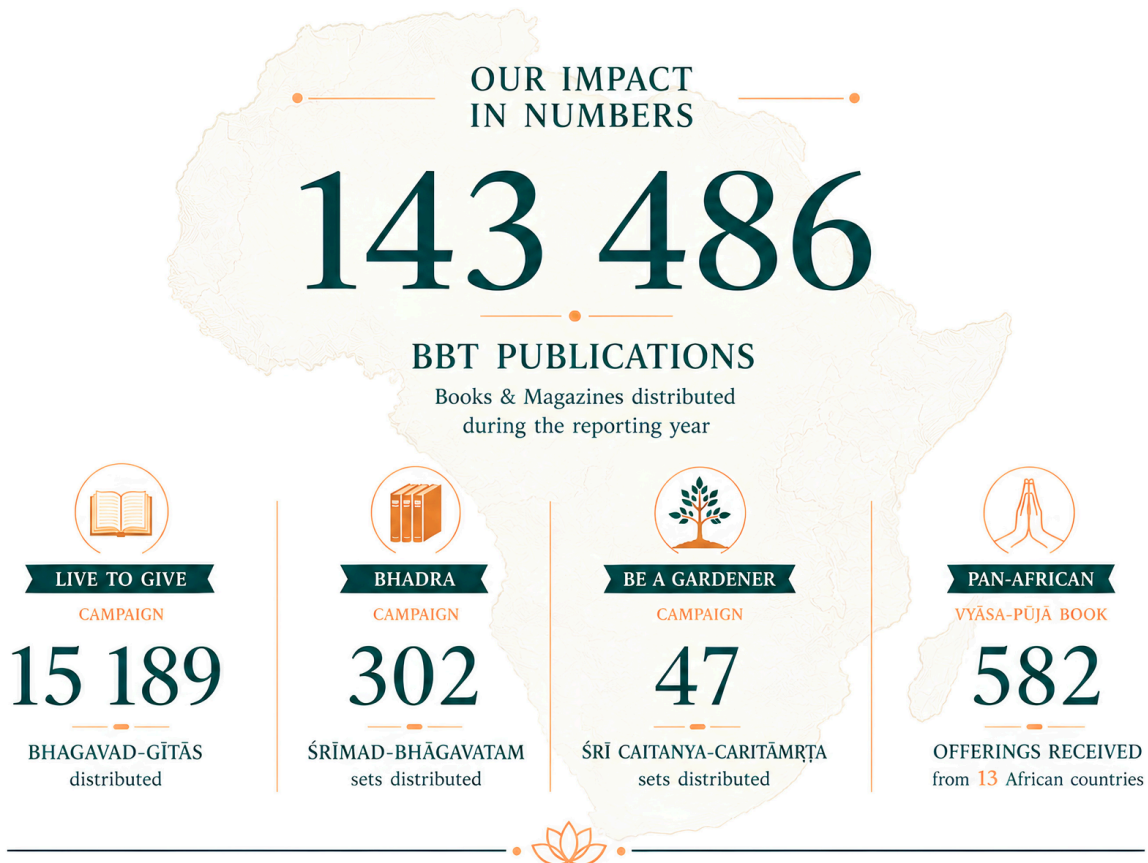

**“OUR ANNUAL CAMPAIGNS REFLECTED BOTH
DEDICATION AND COLLECTIVE EFFORT”**

Looking ahead, our focus will be on expanding regional participation, strengthening logistical capacity, deepening stakeholder relationships, and ensuring that our campaigns continue to mature in both reach and effectiveness. We aim not only to increase distribution but to build a resilient foundation that will sustain and accelerate growth in the years to come.

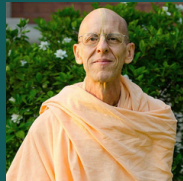

We extend sincere gratitude to the devotees, donors, leaders, and distribution teams whose dedication makes this service possible. Together, we remain committed to carrying forward Śrīla Prabhupāda's vision and ensuring that his books continue to touch lives across Africa and beyond.

PRODUCTION REPORT

Book production remains a sacred responsibility entrusted to us through our *paramparā*. Śrīla Bhaktisiddhānta Sarasvatī Ṭhākura taught that publishing transcendental literature is among the most important forms of devotional service to Śrī Śrī Rādhā–Kṛṣṇa, and Śrīla Prabhupāda carried out that instruction with tireless determination. Prabhupāda's books continue to guide ISKCON's mission, and the Bhaktivedanta Book Trust exists precisely to ensure that these teachings reach every corner of the world.

At BBT Africa, this mission drives everything we do. Each year presents challenges, opportunities, and blessings. And 2025 has been no exception.

HIGHLIGHTS

One of this year's most meaningful milestones was the successful printing of the Amharic *Śrī Īsopaniṣad*. After navigating several logistical complications, the book finally came off the press and reached readers. Its arrival is a testament to the perseverance of the translators, editors, and production staff who never gave up until this essential title was available to Amharic-speaking readers.

We also reprinted *The Handbook of Vaiṣṇava Songs and Practices* by Rāmanujācārya Dāsa in English, ensuring that this well-loved resource remains accessible to new devotees and communities throughout Africa. Likewise, the English edition of *Chant and Be Happy* has been reprinted to support preaching, temple outreach, and distribution efforts across the continent.

Another significant contribution this year was BBT Africa's support in producing the electronic edition of *Śrīla Prabhupāda in South Africa — Remembering His Life and Legacy since 1975*. While not a BBT publication in the strict sense, our team assisted with the layout and design to ensure that devotees could access this important historical work.

STEADY PROGRESS

Following the landmark publication of the *Bhagavad-gītā As It Is* in Kreol Morisyen, work on several additional *Gītā* translations has advanced considerably. In particular, the Afrikaans and Zulu editions have been major focuses of 2025. Local translation and editorial teams have been working diligently, consulting senior devotees and scholars to ensure that the language, meaning, and devotional mood align authentically with Śrīla Prabhupāda's original work. These editions are now approaching the stage where they can be confidently presented as faithful, high-quality translations ready for final production.

Prabhupāda once asked urgently, “Where is book? Where is book?” That sense of transcendental impatience continues to inspire and motivate us. In a spirit of service to Śrīla Prabhupāda, his devotees, and present and future readers, BBT Africa remains committed to producing, printing, and distributing Prabhupāda's books in every major African language — step by step, year by year.

ŚRĪLA PRABHUPĀDA IN SOUTH AFRICA

REMEMBERING HIS LIFE AND LEGACY SINCE 1975

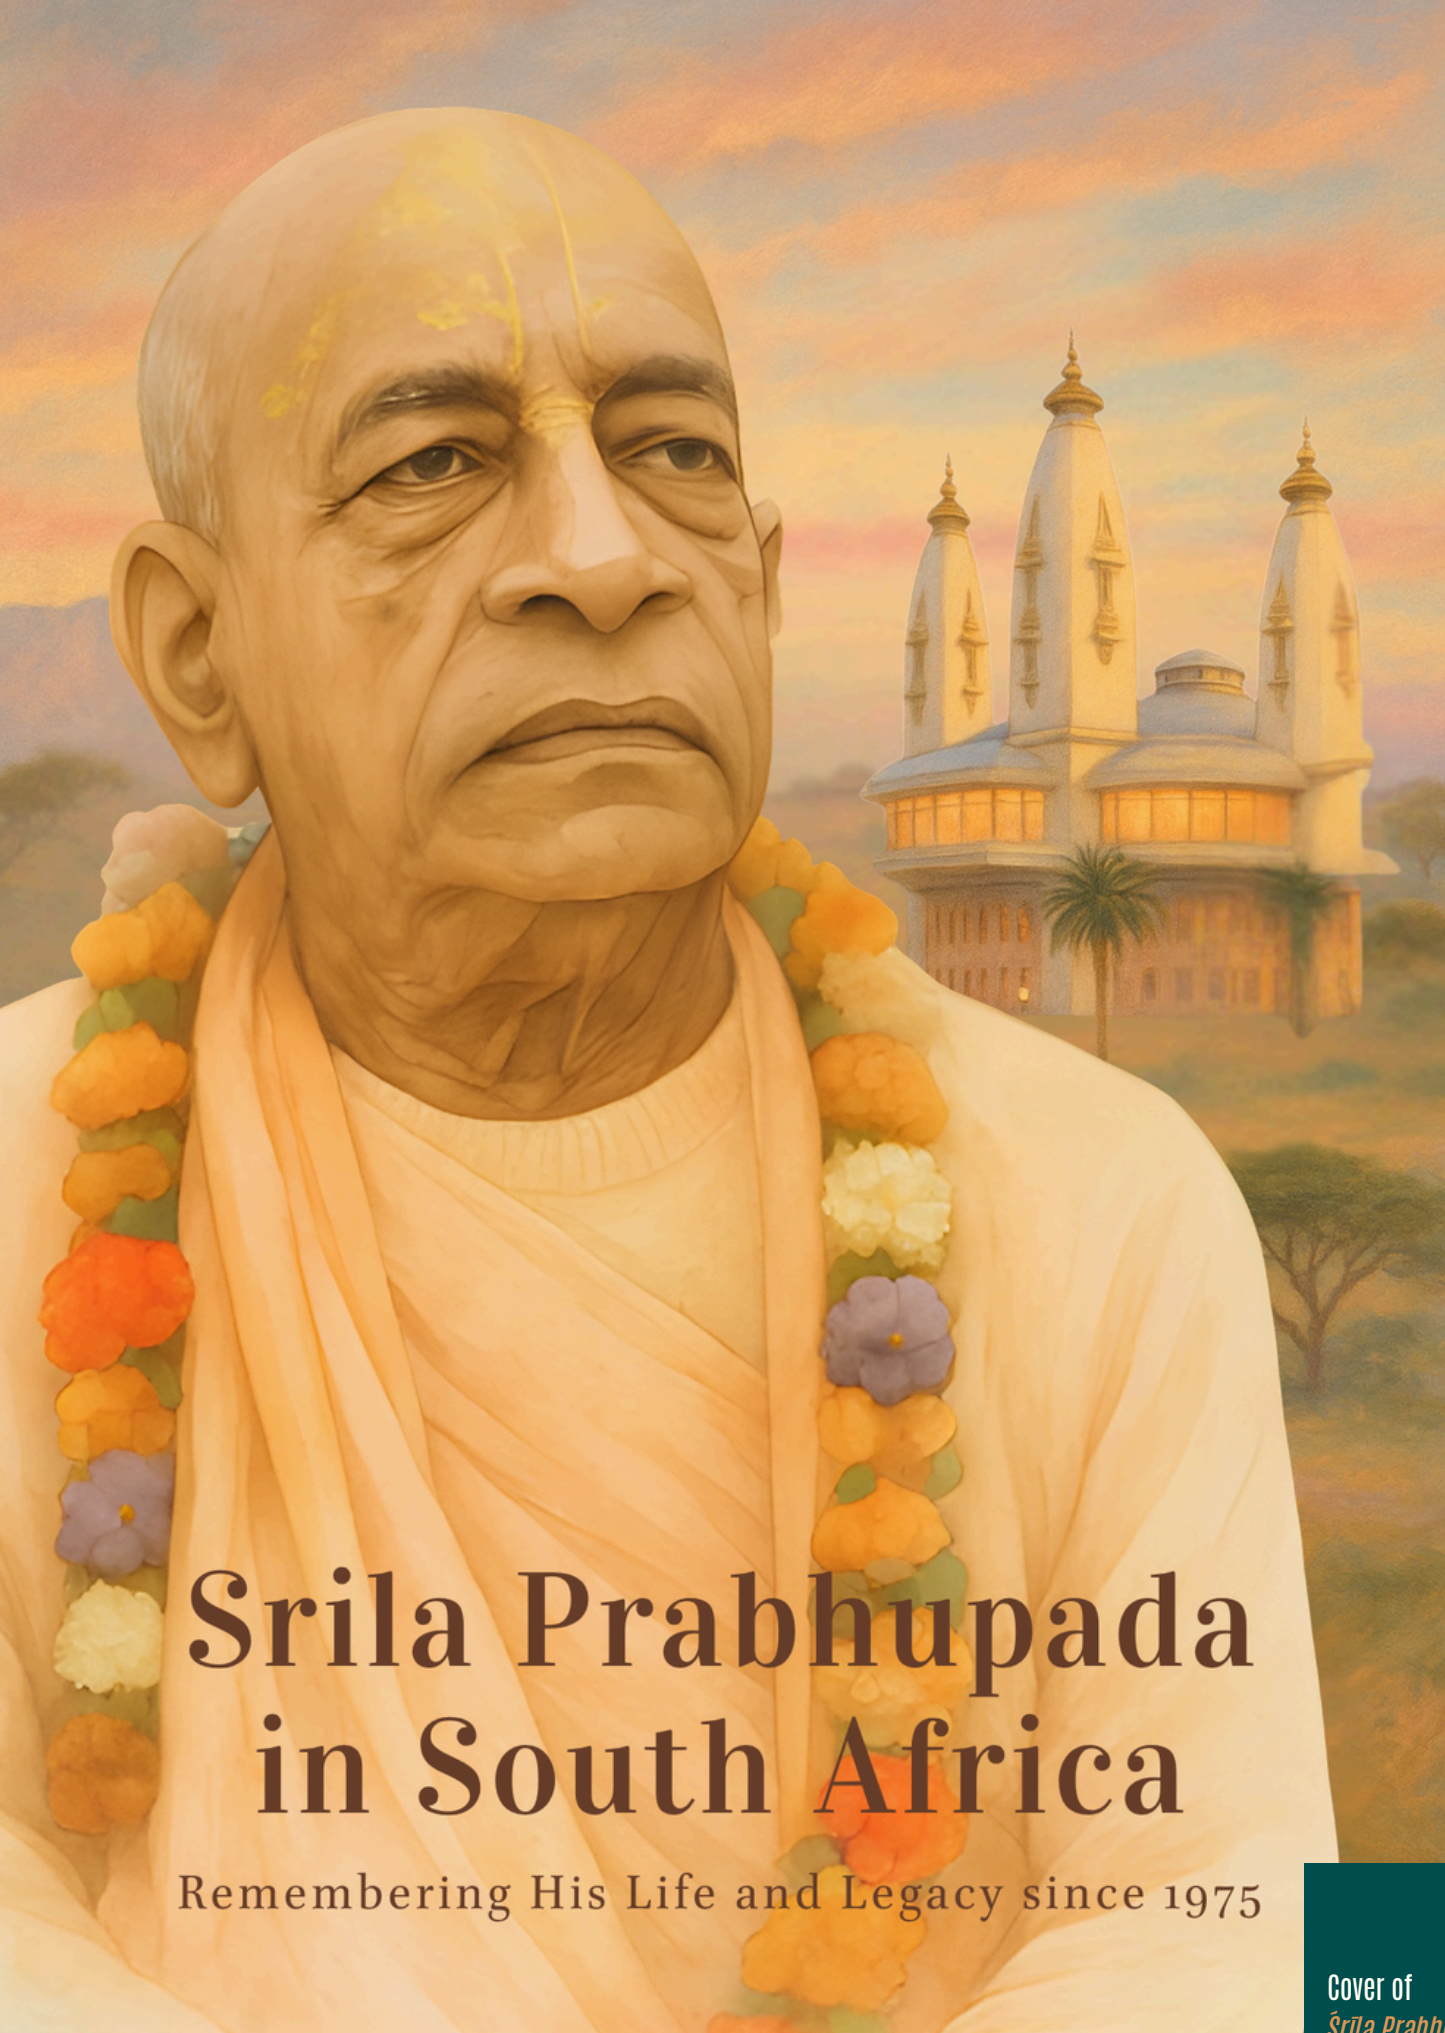

BBT Africa had the honour of designing and producing *Śrīla Prabhupāda in South Africa: Remembering His Life and Legacy since 1975*, a commemorative PDF publication marking fifty years since His Divine Grace A. C. Bhaktivedanta Swami Prabhupāda's historic visit to South Africa. This milestone project sought to not only capture the significance of Śrīla Prabhupāda's presence on African soil but also to chronicle the spiritual movement that has since taken root and flourished from his visit.

The book serves as a visual and narrative offering, an expression of gratitude and remembrance, documenting Śrīla Prabhupāda's journey, his talks and lectures, the devotees he inspired, and the transformation that followed his footsteps across the African continent. Through historical accounts, photographs, and reflections, the publication stands as both a record and a tribute to the enduring impact of his teachings and mission in this region.

Through this project, BBT Africa continues to uphold its mission of preserving and disseminating the teachings of Śrīla Prabhupāda with quality, care, and creativity, serving as an offering of devotion and a celebration of his legacy in South Africa and beyond.

BACK TO GODHEAD AFRICA

The 2025–2026 year marks a historic milestone for the Bhaktivedanta Book Trust Africa Division as we begin a new chapter in the publication of *Back to Godhead*. Following the transition from a centralized global Back to Godhead office to regional stewardship, each BBT division has been entrusted with carrying this important service forward within its own region.

Recognising the unique opportunity to serve the African continent, BBT Africa has committed to publishing *Back to Godhead*, with the valued contribution, guidance and support of the Back to Godhead India team and the onboarding of new writers. This initiative represents not only the continuation of a publication that has inspired readers around the world for generations, but also the beginning of a distinctly African contribution to Śrīla Prabhupāda's literary mission.

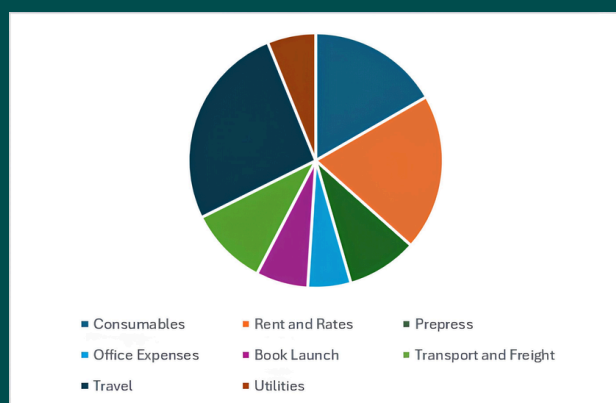

As we embark on this historic journey, we pray that the African edition of *Back to Godhead* will become a trusted spiritual companion for readers across the continent, carrying forward Śrīla Prabhupāda's mission of enlightening society through transcendental literature for many years to come.

BHAKTIVEDANTA SWAMI LECTURE

EXPLORING VEDIC DHARMA FOR PEACE AND CONFLICT RESOLUTION

The Bhaktivedanta Book Trust Africa (BBT) collaborated with the University of KwaZulu-Natal (UKZN) for ISKCON's Inaugural Conference on Sustainability held on the 26th of September. This event took the shape of a full-scale academic conference, celebrating fifty years since His Divine Grace A. C. Bhaktivedanta Swami Prabhupada's arrival in South Africa.

For the first time, devotees, scholars, and professionals shared a platform to discuss how Vedic wisdom can contribute to addressing the United Nations' Sustainable Development Goal 16: Peace, Justice, and Strong Institutions.

It was only fitting to align the 12th Bhaktivedanta Swami Lecture to the conference. The lecture was titled, "Exploring Vedic Dharma for Peace and Conflict Resolution: Resonance for Africa's Sustainable Transformation".

Guest speaker representing BBT Africa was Angell M. Nthoi (Atma Tattva Dāsa). The lecture explored the connection between Dharma and Ubuntu as universal frameworks for peace, justice, and sustainable social transformation rooted in compassion and spiritual identity.

SASTRA DANA

THE GIVING OF SCRIPTURE

Sastra Dana is the social outreach program of the African division of the Bhaktivedanta Book Trust (BBT). “Sastra Dana” directly translated means “giving spiritual scripture in charity”. The initiative aims to distribute Vedic literature across the African continent, making spiritual knowledge accessible to individuals and communities.

The project acts as a bridge between sponsors and recipients of transcendental literature. Funds are received from corporates, non-profit organizations, individuals and philanthropists and these funds are then used to purchase and place publications in institutions and within communities, where there is a need, interest and enthusiasm. Sastra Dana focuses on organizations and special projects where a traditional buyer and seller module may not be viable. This includes libraries, retirement homes, prisons, and public events.

ENVIRONMENTALLY SUSTAINABLE PUBLISHING

At BBT Africa, we recognize the sacred responsibility of preserving both spiritual wisdom and the natural environment. As part of our ongoing commitment to sustainability, we ensure that all our books are printed on environmentally friendly, socially responsible, and economically viable paper.

To uphold this standard, BBT Africa exclusively uses paper certified by the Forest Stewardship Council (FSC). This certification guarantees that the wood used in paper production comes from responsibly managed forests, ensuring minimal environmental impact while supporting ethical forestry practices.

By adopting FSC-certified paper, we align with global publishing best practices, promoting sustainable resource management and reducing deforestation. This initiative is a crucial step in ensuring that the transcendental wisdom of Śrīla Prabhupāda's books continues to reach generations to come—without compromising the well-being of the planet.

Our dedication to sustainable printing reflects our broader mission: to serve humanity by distributing spiritual knowledge while acting as stewards of the environment. Through these efforts, we strive to honor the teachings of Krishna consciousness, which emphasize harmony with nature and responsible stewardship of the Earth's resources.
